

BOF Justice Grant Program - Frequently Asked Questions (FAQs)

What is the BOF Justice Grant Program?

The BOF Justice Grant Program is a funding initiative launched in collaboration with the Black Opportunity Fund (BOF), the Law Foundation of Ontario (LFO), and TD Ready Commitment. The program aims to support Black-led, Black-serving, Black-focused (B3) organizations that work to address systemic injustices and promote equity within Black communities across Canada.

Why are you selecting a minimum of 6 out of 13 organizations with initiatives based in Ontario?

The generous funding from the Law Foundation of Ontario must be directed towards Justice related programs based in Ontario. These initiatives must follow specific guidelines with a focus on programs that promote legal knowledge and help individuals understand and use the law to improve their lives or exercise their legal rights.

The Black Opportunity Fund is currently working to build relationships with other partners to increase grant funding for Justice related initiatives in regions across Canada.

Who is eligible to apply for the grant?

Organizations that meet the following criteria are eligible to apply:

- Black-led, Black-serving, or Black-focused (B3) organizations that are committed to advancing justice and equity for Black communities.
- Must be a registered nonprofit or charity in Canada with a focus on justice, legal empowerment, or advocacy for Black communities.
- Must have a measurable plan for using the grant to expand justice initiatives.
- Must have an existing justice-related project or a proposed project with secured initial funding.
- Must maintain an active online presence (e.g., website and/or social media).

How much grant funding will the selected organizations receive to support their programs?

Successful applicants may receive grant funding for a single year or over two years. This funding could range from \$25,000 to \$100,000.

What supporting documents are required to apply for this grant program?

- Submissions must include a project budget for the initiative seeking funding.
- Up-to-date financial records from the past two years, either audited financial statements or unaudited financial statements, tax returns, and bank statements.

- To be considered for annual grant funding that is \$50,000 or more, organizations must submit audited financial statements for the past three fiscal years that were completed by a licensed public accountant.

My organization is a B3 that has an initiative focused on advancing justice and equity for Black communities. Can we apply for this grant program even though we're not a registered charity or not-for-profit organization?

B3 organizations that are unregistered can seek relationships with a registered charity or not-for-profit organization to serve as their trustee. The charitable or not-for-profit organization will serve as a fiscal sponsor to hold the grant funds on behalf of the unregistered organization to ensure compliance with relevant tax and legal requirements.

Financial documents submitted should be related to the trustee organization supporting the application from the unregistered organization.
